St Lawrence, Eastcote

Mission statement
2022-2027

**‘The people of Eastcote are the
treasure of God’s Church’**

We are a Church of England parish in the borough of Hillingdon that originated as a mission plant in the hamlet of Eastcote. The founding of St Lawrence's anticipated development of Eastcote to form part of suburban London.

Inspired by the example of St Lawrence as a disciple of Jesus Christ, our vision is to see God's grace and generosity shared as the gospel demonstrates its power at the interface of the church life and local lives.

- worship God and offer spiritual nurture
- resource activities and events with a community focus
- build relationships which enable transforming encounter
- develop and share our resources and facilities

The spirit of St Lawrence Eastcote is expressed in how members of our congregation see our community's core character:

Galatians 5.22-23
